PREAMBLE

I have a technical and scientific studies background and a good experience in medium-large companies with an international profile.
During my previous jobs I learned what it means to work in team and what kind of effort is needed to manage large projects.
During 2016 I choose to undertake the study of the Russian language and culture to broaden my education in an area less technical and more humanistic.
I hope to find an activity that lets me to combine and to learn more about these two life aspects.

WORK EXPERIENCE

YOOX Group   Jul 2012 - Dec 2015

Web interface developer

Web interface building for fashion e-commerce sites:

- thecorner.com
- shoescribe.com

QUALIFICATIONS

I have an excellent knowledge of Windows operating systems, Linux and programming in general.
Specific skills:

- XHTML / HTML5
- XML (in particular: XSLT; XPath)
- CSS2 / CSS3
- SASS / LESS
- JavaScript (in particular: jQuery; Ajax; JSON)
- Versioning (Subversion, Mercurial)
- IDE and Editors (in particular: Eclipe; NetBeans; Sublime)
- CMS: Drupal e Plone
- Software: GIMP; OpenOffice; Office; Photoshop
- Agile programming
- Java SE
- Object-Oriented Programming

In last times I have updated and have expanded the knowledge of technologies such as Ruby on Rails; BootStrap; NodeJS
I have a good predisposition to teamwork and a good "problem solving skills".

NEW PROSPECTIVES
I have a good ability to communicate in English and I'm dealing with the study of language and Russian culture, in order to allow myself to deal differerenti activities other than purely technical.

EDUCATION

Bachelor in Tecnologie Web e Multimediali
Università degli Studi di Udine

INTERESTS

I am interested in photography, I followed a professional-level courses at the Studio Tassotto & Max (www.tassottoemax.it/pagina/luce-scuola-di-fotografia.html) and you can see me often, with my Nikon, apply myself in my passion.

I am interested and practical online trading, I'm currently developing a web application that supports this my business.

Since 2005 and for several years I have been a volunteer in the Italian Red Cross, and I successfully passed the course for first responder

Since 2008 I have been an actor in the Udine Theatre Group University (GTU) that every year the group prepares, organizes and brings to the stage a new show, and offers it in several theaters of my Region.

In 2016 I attended a Russian language course at the Moscow State University. The aim of this choice is to be outside a little from a pure technical knowledge and undertake a different curriculum and more "humanistic." I choose the Russian because of his eccentricities than regular western canons with an eye to possible geopolitical changes in the coming years.

SPOKEN LANGUAGES

Italian - native speaker

English - good working knowledge

Russian - beginner
